SachsenEnergie AG	Olaf Adermann
-------------------	---------------

## Curriculum vitae

### Individual information

Name Olaf Adermann

### Education

1968 – 1976 Polytechnical school Premnitz / Havel  
1976 – 1980 Secondary school Rathenow (final examination)

### Military service

09/1980 – 08/1983 East German national army, Potsdam

### Academic education

1983 – 1988 Technical University Dresden, thereof  
1983 – 1985 Basic study Mechanical engineering  
1985 – 1988 Special study Power plant technology  
Diploma thesis: Requirements on heat exchange facilities in nuclear power plants by earthquakes

Degree Graduated Engineer

### Professional career

04/2022 - presence SachsenEnergie AG / DREWAG GmbH  
Head of energy economics (general manager) responsible of

- Energy procurement on wholesale market for company's retail portfolios (ca. 17 TWh/y power and 24 TWh/y natural gas)
- Sale of SachsenEnergie's conventional and renewable power generation (approx. 2,5 TWh),
- Lang-term market outlook of German/European Energy market for SachsenEnergie group

2016 – 03/2022 Lausitz Energie Kraftwerke AG  
Head of energy market services, responsible for

- Establishment, management of wholesale market access and energy-economic planning

thereof 2016 – 2019 Lausitz Energie Kraftwerke AG  
Head of portfolio management responsible for

- LEAG's hedge portfolio management

ENI Global Energy Markets S.P.A.	Marco Centofanti
----------------------------------	------------------

# Marco Centofanti

## Profile Summary and Expertise

I am a chartered energy professional with a wide-ranging and international experience in the energy management field, for public utilities and energy clients through a consulting firm at first, for the banking system afterwards and in global leading energy players to these days.

My work currently focuses on commodity trading and market analysis activities after having developed in the past a background of strategic planning, business modelling, asset evaluation of green/thermo plants, business development and energy procurement.

## Work Experience

2020 July	-	<b>ENI Global Energy Markets (ENI Group)</b>	<i>Milan, Italy</i>
<i>Full Time, Permanent Position</i>		<p><b>Head of Power and Emissions trading</b> within the new Energy Evolution division with responsibilities of:</p> <ul style="list-style-type: none"> <li>▪ Hiring and coordinating a team of four power traders, active across the main European electricity hubs, with more than 20 TWh of yearly traded volumes and yearly average trading contribution margins above 20 mln €</li> <li>▪ Providing for the definition and enhancement of the power and emissions hedging and speculative trading strategies to reduce the commodity risk exposure in accordance with the power portfolio and risk management proposals</li> <li>▪ Guaranteeing real time market access for the fulfillment of the sourcing/hedging needs of all the ENI internal stakeholders across Europe</li> <li>▪ Satisfying the emissions compliance and off-setting obligations of all the ENI emitting European installations accounting for more than 15 mln tonnes a year</li> <li>▪ Contributing to the development of new portfolio/sales business opportunities and the enhancement of the internal analytical platforms</li> </ul>	
2018 Apr	2020 June	<b>ENI Trading and Shipping UK (ENI Group)</b>	<i>London, UK</i>
<i>Full Time, Permanent Position</i>		<p><b>Senior Energy Trader</b> within the Gas&amp;Power ENI division with responsibilities of:</p> <ul style="list-style-type: none"> <li>▪ Proprietary energy trading on Southern European and Continental power markets</li> <li>▪ Implementation of gas, power and emissions hedging strategies for ENI Italian CCGT fleet</li> <li>▪ Management of EUAs and CERs compliance activities of UK and Italian installations</li> <li>▪ Sourcing for wholesale industrial clients and ENI retail needs (ENI Gas &amp; Luce, ENI France)</li> <li>▪ Liaising with analytics team and gas/power portfolios units to implement price forecasting, hedging scenarios and elaborate corporate market views</li> <li>▪ Support to Italian origination activities on long term power purchase agreements, tolling contracts and infrastructure investments</li> <li>▪ Support to Italian regulatory working group on electricity tariffs and market design</li> </ul>	

2012 Jan	2018 Apr	<b>EDF Trading (EDF Group)</b>	<i>London, UK</i>
		<p><b>Power Trader – Southern Europe</b> within the power trading department with responsibilities of:</p> <ul style="list-style-type: none"> <li>▪ Proprietary short term and fwd curve power trading on the Spanish and Italian electricity markets: directional, time, location and spark spreads</li> <li>▪ Cross border power trading: SP-FR, CH-IT, FR-IT, GR-IT, SL-IT</li> <li>▪ Auction bidding: daily, monthly, yearly capacities, Spanish last resort auction (CESUR), Italian virtual import, Italian gas royalties, Italian zone spreads (CCC)</li> <li>▪ Optimization of short and fwd continental power positions: FR, GER, CH</li> <li>▪ Management of Asian options and hydro virtual power plants (VPP)</li> <li>▪ Implementation of gas, emissions, oil and FX hedging strategies</li> <li>▪ Market making and liquidity providing for Spanish (OMIP) and Italian (EEX) exchange power futures</li> <li>▪ Management client flows, providing real time quotations and market access to industrial clients, internal counterparties and Group companies</li> <li>▪ Liaising with the Analytics team and the IT department for the development of new trading tools and assuring the information flow with the external providers</li> <li>▪ P&amp;L analysis, reconciliation and position checking activities</li> </ul>	
2009 Nov	2011 Dec	<b>EDF Trading (EDF Group)</b>	<i>London, UK</i>
		<p><b>Power Market Analyst – Southern Europe</b> within the power trading department, Analytics team, with responsibilities of:</p> <ul style="list-style-type: none"> <li>▪ analyzing fundamental drivers of Spanish and Italian electricity and gas markets, including neighboring countries, with particular focus on: <ul style="list-style-type: none"> <li>➢ players bidding behaviours on day-ahead and secondary markets, formation and structure of marginal costs and wholesale electricity/gas prices, evolution of installed generation capacity and generation mixes, import/export trends, fundamental factors influencing spot and fwd prices</li> </ul> </li> <li>▪ providing analytical support for auction activities, cross border operations, structured origination deals, hedging strategies, contracts evaluations, products pricing and correlations, M&amp;A operations and assets evaluations</li> <li>▪ communicating analysis results to traders and contributing with trading ideas</li> <li>▪ assisting gas, emissions and coal trading desks on spot analysis topics</li> <li>▪ building and maintaining electricity and gas supply/demand and analytical tools</li> <li>▪ running hydro generation forecasts (run of river flows/reservoirs levels) and developing seasonal outlooks for French, Swiss, Italian Alps and Spanish basins</li> <li>▪ providing regulation and legislation support, assessing potential impacts on spot and long term trading activities and price dynamics</li> <li>▪ contractual, technical and regulation set up of new trading and auction platforms</li> </ul>	<i>Full Time, Permanent Position</i>
2008 Febr	2009 Oct	<b>Acea S.p.a – AceaElectrabel Group (now ENGIE Italia)</b>	<i>Rome, Italy</i>

	Full Time, Permanent Position	<p><b>Power Market Strategist</b> for the “Corporate Electricity Planning and Development” Business Unit, “Energy Market” Business Area, with tasks of:</p> <ul style="list-style-type: none"> <li>▪ projections, scenario forecasting and sensitivity analysis about fundamental parameters of the electricity markets (day-ahead and secondary markets) with particular focus on: <ul style="list-style-type: none"> <li>➢ price formation dynamics, players bidding strategies, plants marginal costs, fuels and environmental costs, generation capacity, transmission and load, imports and transfer capacities</li> </ul> </li> <li>▪ Short-medium-long term modelling of wholesale electricity price on the Italian market with dispatch and simulation software tools: <ul style="list-style-type: none"> <li>➢ IGen Transmission Model – ILEX Energy Consulting (PÖYRY Group)</li> <li>➢ ELFO++ (Electricity Forecasting Model) – Ref.   Morgan Stanley</li> </ul> </li> <li>▪ Preliminary screening and business planning of new development projects and power generation investments from fossil (CCGT, steam cycle) and renewable sources (wind and hydro) for initial financial-economic evaluations</li> <li>▪ Corporate strategic coordination on generation, trading and sales companies belonging to the “Energy Market” Business Area (AceaElectrabel Group – Tirreno Power) about: <ul style="list-style-type: none"> <li>➢ predisposition of shared price scenarios</li> <li>➢ budgeting, multi-year planning and business review</li> <li>➢ risk control procedures implementation</li> <li>➢ M&amp;A operations support</li> </ul> </li> </ul>

## Curriculum vitae

Name and surname: **Mgr. Peter Gyurovszky**  
Telephone number: 0041798427160  
E-mail: [peter.gyurovszky@epcommodities.ch](mailto:peter.gyurovszky@epcommodities.ch)

### WORK EXPERIENCE

November 2017 – present

#### **EP Commodities**

*Senior Legal Counsel* – closely following a full range of European and national regulation including REMIT, EMIR, MAR, MiFID II/MiFIR, Czech Energy Law and others. Negotiating a whole range of specific trading contracts in the field of power, gas, EUA and LNG trading across Europe. Preparing access to new markets with general implementation of acquired companies into EPH group. Regularly attending EFET Market Surveillance Committee and EFET Trading Compliance working group. Implementing regulatory changes into internal documentation. Leading compliance courses for trading and decision-making staff of the company.

January 2017 – October 2017

#### **AVANT investiční společnost a.s. (regulated financial institution)**

*Lawyer/Head of Compliance Department* – leading team of three professionals, preparing internal guidelines and regulations, providing regular compliance controls regarding the state of internal documentation towards laws regulating the conduct of the company, monitoring development of relevant regulation regulating collective investments and financial markets in the Czech Republic and on the EU level (ZISIF, ZKPT, AIFMD). Drafting and negotiating a full range of business contracts (lending agreements, rent agreements, M&A documentation, etc.), preparing corporate documentation and documentation regarding issuance of securities (bond issuance in an amount of 10 M EUR).

July 2013 – December 2016

#### **Ezpada s.r.o.**

*Head of Legal & Compliance Department* – leading team of three legal professionals, providing legal services to all companies within Ezpada Group, implementing and closely monitoring all range of relevant regulation (EMIR, REMIT, MAD, Dodd – Frank, MiFID II/MiFIR II, Swiss regulation), negotiating DMA agreements, supervising contract management from tax, customs and operational risk point of view (main portion of agenda was in English). I have led and successfully concluded an acquisition of a group of companies active in Balkan area, in the field of wholesale as well as retail power trading and have been

working on full range implementation into Ezpada Group (internal processes, reporting, external relations, transfer pricing). I have participated as chief legal advisor on an investment project in the USA in the field of renewable energies (liquified hydrogen). I have been acting as chief legal advisor on an investment project in Ukraine in the field of power trading where we have established Joint ventures and invested in power lines construction.

November 2012 – July 2013

**Ezpada s.r.o..**

*Legal Advisor* – preparing legal documentation, negotiating EFET/ISDA agreements, negotiating wide scope of contracts on behalf of the company (rental agreements, tailor-made trade agreements).

## EDUCATION
