

Guarantees of Origin - Account Holders

To issue, transfer or use Guarantees of Origin in France, it is necessary to become an Account Holder in the National Registry for Guarantees of Origin. You will find in this page the registration process and the list of Account Holders.

Registration & List

Registration process

The main steps to join the National Registry for Guarantees of Origin are the following:

1. Download the admission and domain protocol forms, and the contract
2. Fill the admission form with the following information:
 - Your company details,
 - Details about the "administrator" contacts who will have the full rights to manage the Registry for Guarantees of Origin,
 - The answers to the questions on the form in order for us to know your company better
3. This form must be signed by a company's legal representative (or by an authorised person who has received the power of a legal representative)
4. Send back to the Admission Department:
 - the signed admission form,
 - the supporting documentation required in the admission form
 - two signed copies of the admission agreement.

As soon as the dossier is complete, you will receive, via registered mail addressed to the main company contact, the contract signed by Powernext, the access codes, as well as physical identification keys for each contact who requested an electronic access.
