### **PEGAS starts 24/7 operations on ZEE Spot products on 1<sup>st</sup> October 2017 as the hub becomes virtual**

Dear Member,

Fluxys Belgium is to simplify its services for ZTP physical trading (formerly Zeebrugge Beach services) as of 1 October 2017 by harmonizing the operational rules with those for ZTP notional trading services.

Consequently, we would like to inform you that PEGAS will start 24/7 operations on its ZEE Spot products as of 01.10.2017, giving more flexibility to market participants (it is currently tradable from 8:00 to 18:00 only).

Please note that, even if the hub Zeebrugge Beach was rebranded to ZTP physical trading on Fluxys side, the technical product name on PEGAS side will remain ZEE in order to differentiate it from ZTP.

We remain at your disposal for any questions you may have.

Yours sincerely,

**PEGAS Market Operations Team**
